

JOURNAL OF BIOLOGICAL
ENGINEERING

Editor-in-Chief

Mark A. Eiteman (University of Georgia)

Journal of Biological Engineering is an open access, peer-reviewed online journal that encompasses all aspects biological engineering.

The journal welcomes manuscripts on the following topics:

- synthetic biology and cellular design
- engineering of biomolecular and cellular devices
- bioproduction and bioproduct engineering
- ecological and environmental engineering
- biological engineering education and the biodesign process

Journal of Biological Engineering is the official journal of the Institute of Biological Engineering.
